Since your card is a prepaid card, you are however obliged to ensure that your card has sufficient credit for all payments effected by you. Should your card nevertheless show a negative balance once, you are obliged to pay all balances due and to pay us for costs incurred and being incurred.

7. Blocking of the card

We are entitled to temporarily block all or parts of the functionalities and services in connection with the card and the card itself, if objective reasons in connection with the safety of the card justify this or if there is a suspicion of an unauthorized or fraudulent use of the card. In case of blocking we shall - as far as possible - inform you about it in advance, otherwise immediately after the blocking. We shall also inform you about the reasons for the blocking, unless we would violate existing legal obligations by doing so. We shall lift the respective blocking or replace your card as soon as the reasons for the blocking no longer exist and shall inform you about this immediately. Please contact our customer service via e-mail or telephone when the reasons for the blocking no longer exist and you wish the blocking to be lifted.

8. Liability in the event of of authorized MasterCard® transactions

You will have a claim against us for reimbursement of a debited payment amount if you have authorized a card transaction with a MasterCard® contract company in the manner that the exact amount was not indicated during the authorization and the payment transaction exceeds the amount that you could have expected according to your previous spending behaviour, the conditions of this contract and the respective circumstances of the individual case. Reasons in connection with any currency exchange will be disregarded, if the agreed reference exchange rate was used.

You are obliged to explain to us the objective circumstances from which you deduce your reimbursement request. We are obliged to reimburse the complete corresponding payment amount to you within ten business days after receipt of your reimbursement request or inform you of the reasons for refusing the reimbursement. 9. Liability in the event of a non-executed, defective or late execution of an authorized MasterCard® transaction

We are liable for the correct execution of the payment transaction, unless we prove to you that the payee's payment service provider has received the amount of the payment transaction. If we are liable as aforesaid, we shall without undue delay, refund you with the amount of the non-executed or defective payment transaction and if amount was charged on your Card, then we will restore your Card credit to what would have been the Card's status if it had not been for the defective MasterCard® transaction.

If the execution took the form of an authorised MasterCard® transaction that was executed late, then your claims as mentioned above are excluded.

Your claim against ourselves is excluded if you have not informed us of the non-executed or defective MasterCard® transaction at the latest thirteen months from when you are notified that the transaction has been charged to your Card.

10. Liability in the event of unauthorised MasterCard transactions

We will generally investigate the unauthorised transactions and, if we are reasonably satisfied that the transaction was not authorised by you and that you have not acted fraudulently, we will provide you with a prompt refund of the amount of the unauthorised payment transactions, over the amount of Eur50. If the amount was charged on your Card, then we will restore your Card to what would have been the Prepaid Card's status if it had not been for the unauthorised MasterCard transaction. Thereafter, we will not have any further liability to you.

Your claim against ourselves is excluded if you have not informed us of the unauthorised transaction at the latest thirteen months from when the transaction has been charged to your Card.

You will however be unlimitedly responsible for any and all transactions carried out with your Card or your PIN prior to notification in terms of this clause, if you have not used your Card in accordance with these GTCs, in particular if you do not take all reasonable steps to keep safe your Card and the PIN, you have not notified us immediately on becoming aware of the loss, theft, misappropriation or unauthorized use of the Card, if you have any suspicions that the PIN is known to any unauthorized third party, if you have recorded the PIN in any easily recognizable form or it was stored with or marked, in particular on the Card or on any item which you keep or carry with the Card or if you have disclosed the PIN to another person or acted in any other way with gross negligence or fraudulently.

You are not under an obligation to compensate the above-mentioned loss if you were unable to send in a blocking request because we did not provide you with means to enable you to notify us with your request to block the Card.

As soon as the loss or theft of the Card and/or PIN, abuse or other unauthorised utilisation of the Card or the PIN is reported to us, we assume liability for all losses arising thereafter as the result of MasterCard transactions. If you acted fraudulently, then you are also responsible for the losses arising after the blocking request.

The use of your card can be interrupted temporarily, e.g. because of routine maintenance work on the system. In that case you might not be able temporarily to use your card and/or our services or only in a limited manner. We shall do our best to minimize effects on the use of our services and your card. We shall not be liable for damages based on an extraordinary and unpredictable event, which we cannot influence and which are beyond our control and whose consequences could not have been avoided by us in spite of using the necessary care, and for damages which were caused by us as a result of complying with or abiding by a legal obligation. We do not assume liability for products or services bought with your card. We also do not assume responsibility or liability for traders who do not execute a MasterCard® transaction properly or who fail to cancel an authorization, unless we have culpably violated one of our obligations.

12. Term of the contract/validity of your card

This contract is for an indefinite term, unless it is terminated in accordance with these GTC or applicable legal provisions. Your card is valid for a period of 60 months, unless otherwise agreed with the BES corporate client.
